

DO YOU OWN A SUPERVEE 27?

WANNA RACE?

There are LOTS of Aquacraft Supervee 27 Brushless boats that have been sold in the Central Indiana area. We know you are out there! The Supervee is an amazing electric boat capable of high speed and grueling competition. If you would like to run or race your boat as a "One Design" class with us, we'd love have you join us! If you have a fast electric other than a Supervee 27 come run with us anyway! We'll make an open "Run What You Brung" class. For more information, visit the Indianapolis Admirals R/C Boat Club website: www.IndyAdmirals.org. There, you will find information on our next race and location. Come join us! Questions? Email: IndyAdmiralsCmdr@att.net
